

Personalize Your Wedding

If you would like the Officiant to include some “personal” things in your wedding ceremony about your relationship, then please enter your response to any of the following questions you consider appropriate. These do not have to be answered at all if you so please, just if you would like to have this information included in your ceremony.

1. Briefly tell me how you met.

2. What was it you noticed that caused an attraction to each other?

3. Tell me what your proposal was like. How did it happen and where?

4. Is there anything funny or interesting that has occurred in your relationship that you would like the Officiant to share during the ceremony? _____
